My name is Paola, and

I am an 11th grade student at K12.

00:00:11.970

On a typical day,

I usually wake up at 8:30.

00:00:14.850

I go downstairs and

grab some breakfast, and I log on and

00:00:17.410

start looking at whatever it is

that I have to do for the day.

00:00:20.151

Usually I have three to four Class Connect

sessions, and they interchange every day.

00:00:25.090

So today for example,

I have a class at 10:30, history.

00:00:30.170

I go to that for

00:00:31.310

an hour, and then I continue doing whatever it is I need to do.

00:00:35.710

Typically it's Physics, or Spanish or something along those lines.

00:00:40.170

Typically I go through one or two chapters a day for each class.

00:00:44.730

And I usually have at least one assignment for every class every day.

00:00:48.562

Class Connects were really engaging,

00:00:50.781

you kinda get the opportunity to do like interactive responses and stuff.

00:00:55.026

[teacher] the free peoples of the world look to us for support and maintaining their freedoms

00:00:58.480

It's kind of like you can raise your hand to answer a question.

00:01:01.020

You can type in the chat box.

00:01:03.330

My favorite subject is U.S. history.

00:01:06.240

We have two honors projects this year,
and a lot of assignments and

00:01:09.560

a lot of lessons that really help you
capture the essence of U.S. history.

00:01:13.880

Whenever I have a question or
a concern, I just email my teachers and

00:01:18.210

they get back to me as soon as possible,
which is typically really fast.

00:01:21.490

Or I go to Class Connect and
ask a question or a live help session.

00:01:26.760

I've had a lot of amazing teachers
including my AP world history teacher that

00:01:31.290

have strived to just make me learn and
make me enjoy learning,

00:01:36.510

and feel like I'm part of the class and
I'm part of something.

00:01:40.450

I also am an avid writer, and

I hope to publish one day.

00:01:44.440

So I spend a lot of my free time,
if I'm not playing volleyball, or

00:01:48.136

I'm not at a meeting, I am writing.

00:01:50.185

I'm blessed to be able to
pursue it through my school.

00:01:53.860

I've had the opportunity to work for
my school newspaper, and

00:01:57.630

also take classes like creative writing.

00:02:00.500

Well I try to do as many
extracurriculars as possible.

00:02:03.700

I have a lot of friends through church and
through volleyball, and my goal is to

00:02:07.790

carry my volleyball experience into
college, even if I'm not playing for

00:02:11.680

a school, because I love it, and
something that makes me happy.

00:02:16.380

I've had the opportunity to meet so many amazing people through that.

00:02:19.280

And I think that's part of the reason why I'm still so socially engaged,

00:02:23.434

regardless of the fact that

I'm an online schooler.

00:02:27.110

I think one of the challenges is that everybody thinks that it's going to be

00:02:30.690

a very lenient and like relaxed school.

00:02:33.080

And it's just the same as any brick and mortar.

00:02:34.997

You have the same responsibilities, you have the same assignments,

00:02:39.009

you have the same teachers,

you have the same classmates.

00:02:42.500

I would tell anybody who's

looking to start at K12 to

00:02:45.170

not be afraid to ask questions.

00:02:46.530

Ask as many questions as you
possibly need to because

00:02:49.390

the more you understand the curriculum,
and

00:02:51.010

the website, and everything at the school,
the better of an experience you'll have.

00:02:55.850

One of the great things about online
school is I'm able to spend more time with

00:02:58.900

my family and

also I'm able to do my school work and

00:03:02.540

finish my assignments wherever I go.
